# Sharing important personal documents by email is unsafe and time consuming

**£3.6m**

Average cost of a data breach in the UK

**£50bn**

Currently unclaimed due to lost or forgotten documents in the UK

**23%**

Growth in identity theft in 2022

Gods of  
Paperwork

# It's a problem we can all relate to

Keeping important personal documents and everyday paperwork safe and found.

# And it's a problem for businesses too

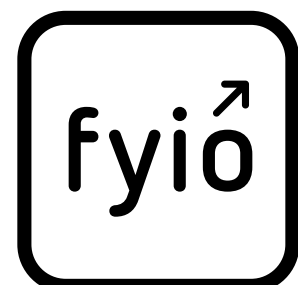

Companies require confidential and sensitive personal documents to be shared, filed, retained, and kept secure for specific lengths of time.

# Now there is a better way!

Fyio is the simplest and most secure way to handle confidential personal documents, protecting people and businesses.

Gods of  
Paperwork

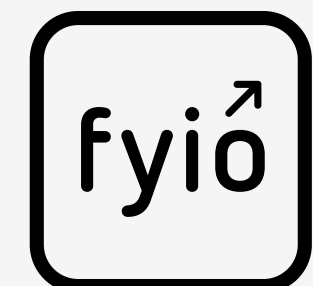

# WTFyio?

Fyio streamlines personal document management and document sharing, verifying documents when required within one highly secure ecosystem.

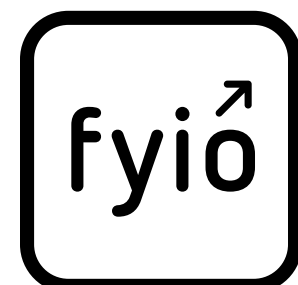

Gods of  
Paperwork

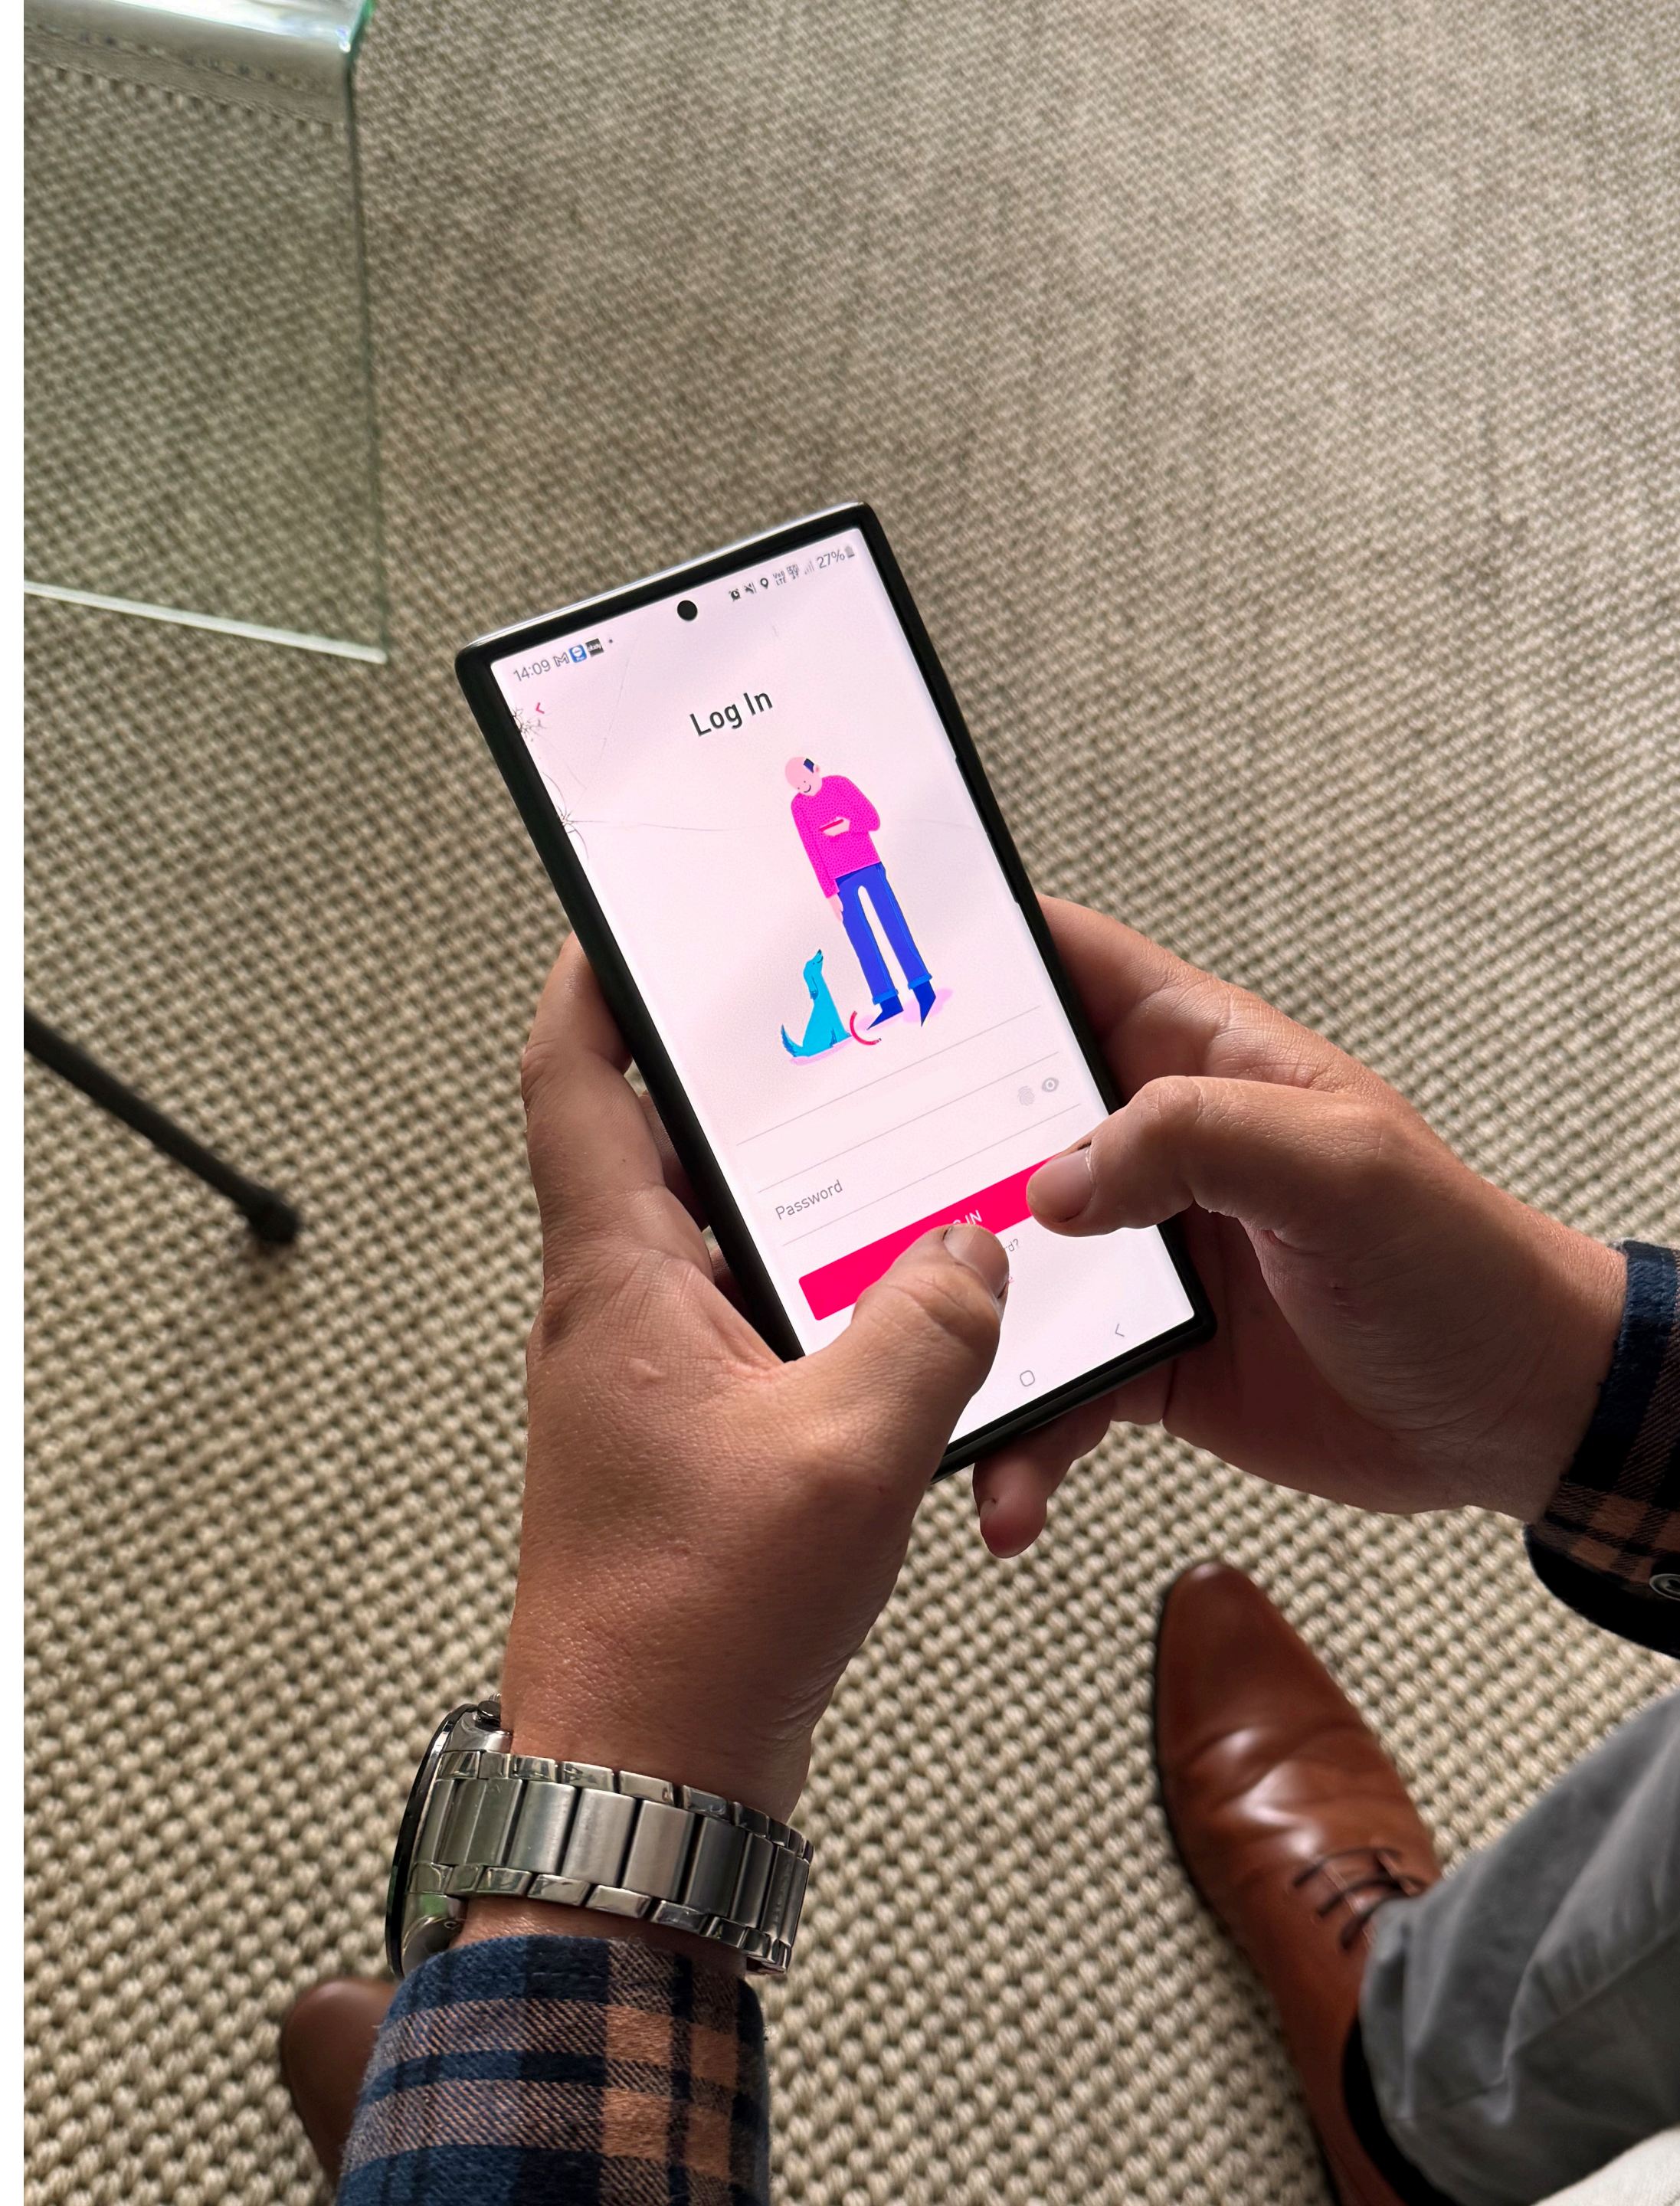

It starts with an app to keep important documents safe and found and simplify day-to-day paperwork management.

‘the adoption and use of digital ID could provide an additional £800 million annually to the UK economy, with estimates that the global market will be worth £37 billion by 2027’

5,000+ active  
and happy app users

Near zero churn

5 trailblazing  
paid pilots

# Traction

“This app is an absolute game-changer. I can’t overstate the time and stress it saves. I have recommended this to every one of my clients since I discovered it and their feedback is the same.”

Claire Lawry, Clean & Tidy Home Shine Squad

“As a business we are continually onboarding new employees and contractors. The fyio system is game-changing and has radically reduced repetitive manual tasks while also increasing our data security and levels of compliance..”

James Styles, COO, Retain

ROYAL MARINES ASSOCIATION
